INT. DARK BASEMENT - DAY

DAN LOPEZ (40s, looks 30, dresses like a homeless 20) plays Russian roulette with against a plastic CANADIAN PIRATE BANANA, They spin the revolver on the table.

Dan picks up the gun and places it to his temple. Everyone evil eyes everybody else. Banana sweat ripens the air.

Dan pulls the gun away from his head and aims it at the rival banana.

DAN

Die bananananananananas!

POW! SPLAT! The other pirate bananas freak out! Dan grabs a six pack of beer and a DVD and runs for it.

EXT. CANADIAN PIRATE BANANA QUICK STOP - DAY.

Dan kung-fu kicks the door open and runs. A BANANA store clerk with an apron peeks out.

MR. CLERK BANANA

See you next Tuesday Danny! Dont be a stranger hey.

DAN (O.S.)

See ya Bernard!

Cut to black.

TITLE "MISFIT TOYS"

EXT. DAN'S HOUSE - DAY

An old rusted up Datsun putters up the drive way of an isolated one story home.

INT. DAN'S HOUSE/FRONT DOOR - DAY

DAN walks into his abode happy as a clam.

DAN

Guys! I'm home!

DAN lifts up in to frame a six pack of beer and a bootleg D.V.D.

DAN (CONT'D)
 I got our Tuesday special! Cheap
 Peruvian beer and Nepalese
 Claymation vegetable porn!

The poorly printed cover art on the DVD has a carrot doing
 god knows what to a broccoli. Some naughty bits are pixelated
 out.

RATATATA! Machine gun fire!

HURRICANE (O.S)
 Get down!

HURRICANE (A plastic luchador toy, raised in Brooklyn) jumps
 on Dan, saving him from a barrage of bullets.

A platoon of rubber cockroaches reloads their Kalashnikovs.
 The house has been overrun by the bug army.

DAN
 What in the name of Satan's
 sideburns is happening Hurricane!?

Hurricane slaps Dan with a very human hand.

HURRICANE
 Dan I need you to chill! They got
 Finn and Russell!!

INSERT FINN (Alcoholic toy dolphin) and RUSS (The friendly
 toy brontosaurus) are bound to two wooden torture racks.

RUSS
 Hello Dan! Good day at work was it?

FINN
 Oh thank god! You brought the beer.

A cockroach whips Russ and Finn.

Russ screams in pain, Finn moans like a Japanese porn
 cartoon, the roaches look at eachother grunting noises of
 confusion.

FINN (CONT'D)
 Again...

A beat.

FINN (CONT'D)
 Again dammit!

INT. FRONT DOOR - DAY (CONT'D)

Dan and Hurricane continue to duck for cover.

HURRICANE
Our people need us soldier!

DAN
I'm no soldier...

Hurricane throws him a rifle.

HURRICANE
Today you are maggot!

Dan looks over the makeshift trench at the army of rubber cockroaches.

A little cockroach flag is raised in the living room.

DAN
What about the living arrangement
accords of 2014?

Dan looks to a picture framed on the wall. It's of him and the toys standing next to cockroaches signing a big book.

The picture is shot down, then set ablaze by the roaches, who later proceed to throw tiny books on the flame.

DAN (CONT'D)
Bastards!

Dan locks and loads his rifle.

DAN (CONT'D)
So what now?

HURRICANE
We take the living room back
mister!

Dan smiles.

DAN
You son of a bitch!

He grabs a Peruvian beer and shakes it.

DAN (CONT'D)
Drinks on me boys!

Dan throws the beer at the roaches, KABOOM!

Dan and Hurricane jump the pillow trench and go to battle, they rip through the living room roaches in a way that would make Arnold and Stallone proud.

Hurricane goes full luchador serving German suplex's and flying elbows galore.

A giant cockroach buzzes in to halt Hurricane's murder spree...

Dan flees in disgust.

DAN (CONT'D)

Oh fuck no, that one flies, ewwwww
ewww ewww.

Hurricane holds his own like a champ till the cockroach puts on a knuckle duster on and POW! Hurricane is down.

HURRICANE

A little help my man?

DAN

NO! It flies! That's too icky for
my blood.

HURRICANE

Help me you bitch!

Dan closes his eyes and fires off a round from his old timey rifle.

PING! PANG! The bullet ricochets all over the house.

CUT TO:

INT. COCKROACH KING'S LAIR - DAY

The cockroach king is about to put a crown on his youngest son.

COCKROACH KING

And with this, my last and only
son, I dub the, the prince and
rightful heir of the kingdom.

Just before he places the crown, Dan's stray bullet hits the young prince.

COCKROACH KING (CONT'D)

Nooooooooooooo!

The prince stands up.

COCKROACH PRINCE
I am alright father, it but only
grazed my arm.

COCKROACH KING
Oh thank the heavens my dear boy.

KERSPLAT! The still ricocheting bullet blows up the old kings
noggin.

The cockroach prince laughs maniacally and puts the crown on.

COCKROACH PRINCE
Finally! I am king, My reign of
death begins! Quick! Fetch me all
the Mexican cockroaches and burn
them in a.....

The bullet yet again comes by and kills him.

CUT TO:

INT. LIVING ROOM - DAY

The bullet comes back and finally kills the giant wrestler
roach.

Dan and Hurricane go back to back. Ready for what's to come.

HURRICANE
Come and get some you beady eyed
freaks! We'll take every last one
of ya.

A cockroach with a suit and a prime minister badge saunters
out.

COCKROACH PRIME MINISTER
Stop! Our King and Prince have been
killed by a mysterious assassin.

The chaos of war quiets.

COCKROACH PRIME MINISTER (CONT'D)
Stop this mindless nonsense! Enough
of this bloodshed. There is
but one way to mend this broken
treaty.

Russ (who's head was on a chopping block ready for execution)
turns to look the Prime Ministers way...

RUSS

How?

COCKROACH PRIME MINISTER

With a marriage.

A round of gasps and screams of disbelief.

COCKROACH PRIME MINISTER (CONT'D)

The leader of your tribe must marry
the princess Cacaroach.

Finn the dolphin is pleasantly getting electrocuted.

FINN

(Electrocuted)

YuyuyuyuyuYou're up Dan! Time to
get hitched!

Finn pees himself.

HURRICANE

Yeah Dan, it's perfect, finally a
woman that is size appropriate to
your micro penis.

DAN

Hey!

Everyone laughs.

DAN (CONT'D)

Screw that noise! I will not
take one for the team. And...and...
do some effered up butt stuff with
some bug stuff, there's a limit to
how low I will go.

From a bedroom door a beautiful woman clad in a regal
cockroach costume slides in.

A beat.

DAN (CONT'D)

... Yeah ok. For the greater good
and the "Kingdom" and what not.

Dan and princess cockroach make out, everyone cheers.
Princess cockroach spreads her wings freaking out Dan.

DAN (CONT'D)

Ewwwww, wings! No, ew, ew, ew.

Dan tries to run away, but the princess's kisses slow him down.

CUT TO:

INT. TV ROOM - DAY

Dan and the Toys wake up screaming in cold sweat.

RUSS

Holy smokes! It was all just a dream?

FINN

A shared, fucked up dream. But how?

On the T.V is Nepalese vegetable porn, they all look at the crumpled cans of beer.

DAN

Boy this shit is strong.

HURRICANE

Nothing like Nepalese vegetable porn and Peruvian beer to pepper up your Tuesday.

EVERYONE

Here! Here!

Rocking a business suit, princess cockroach walks out. She takes off her sunglasses and puts down her briefcase.

PRINCESS COCKROACH

Honey? You will not believe the day I had at the office, the stock market was going crazy.

Dan drops his beer.

PRINCESS COCKROACH (CONT'D)

What is it honey?

From out of nowhere the banana pirates from earlier burst in and put a knife to princess cockroach's neck.

BANANA PIRATE

There is a blood debt Dan, come pay it if you want to see her again!

PRINCESS COCKROACH

Help me my love!

They drag her away. Dan and company are dumbfounded as the Nepalese vegetable porn continues.

A baby cockroach holding a teddy bear walks out crying.

BABY COCKROACH
(In a British accent)
Aren't you going to save mommy
daddy?

DAN
Holy shit.....I got laid!

Russell, Hurricane and Finn jump to give Dan a high five.

END OF PART # 1

INT. KITCHEN BAR - DAY

RUSS the brontosaurus, HURRICANE the luchador and FINN the dolphin are passed out in a trashed living room.

Dan stumbles in half awake.

DAN
(low voice)
Guys...Guys...Guys...Guys...Guys.

No response.

DAN (CONT'D)
(with a megaphone)
Guys!

The toys wake up startled.

DAN (CONT'D)
Oh good you're awake.

HURRICANE
What the shit Joe!

RUSS
(In pain)
Oh dear, my two brains hurt.

FINN
Something is all up in my blow hole
yo.

Dan dumps out spaghetti from a mug and serves himself some coffee. Finn sneezes out ash and cigarettes from his blow hole.

A wet cigarette falls in Dan's cup. Dan don't care.

RUSS
 (To Finn)
 You used it like an ash tray again.

HURRICANE
 Not the worst thing you've put in
 it, is it you perv?

FINN
 I put your mamas wang in there, so
 yeah, you're right.

HURRICANE
 What?

Dan takes a sip out of his coffee and sits down.

DAN
 I had the weirdest dream last
 night.

HURRICANE
 You're telling me brother, I was in
 a cage match with big mama
 Hurricane.

RUSS
 What? Again?

DREAM FLASHBACK

INT. DREAM CAGE MATCH - NIGHT

Hurricane V.S. His mama in a toy cage match.

HURRICANE (V.O)
 Yeah, the bitch turned into a
 robot, pulled my pants down and
 started laughing her saggy boobies
 off.

Hurricane's pixelated plastic manhood makes the crowd laugh.

END FLASHBACK

INT. KITCHEN BAR - DAY (CONT'D)

Dan looks at Hurricane moderately impressed.

RUSS
That's new.

HURRICANE
Eh, I'm sure It's nothing, at least
we didn't make out this time.

Awkward silence.

DAN
Anyway, I had a dream.

FADE INTO DREAM.

INT. DREAM, BEDROOM - DAY

Dan is in a baby nursery cradling a cute little baby dolphin.

We see in DREAM WORLD what Dan is narrating, he says it, we see it. Got it? Good!

All DREAM WORLD dialogue will be O.S.

DAN
I was taking care of a Baby
Dolphin.

EVERYONE
Awww.

DAN
And then I let a giant Scorpion
breast feed it.

EVERYONE
Ewwwww.

FINN
WTF Dan?!

DAN
AND THEN it just stung the dolphin.

FINN
I feel uncomfortable with this.

DAN
I felt bad. But then I just dropped
it.

He really just dropped the baby dolphin.

FINN
What is wrong with you?

Dan merrily skips away.

RUSS
Me oh my, Then what happend?

INT. DREAM/STAIRCASE - DAY

Dan stands around in an emergency staircase.

DAN
I was at a stair case and (pause)
there was this girl there.

HURRICANE
What girl?

FINN
No! You cant just change the
setting ! We have to address this.

RUSS
Quiet now Finn, Dan go on.

DAN
So there was this girl, don't know
her.

CUT TO:

INT. KITCHEN BAR - DAY

Back to reality, Dan nervously sips his coffee.

HURRICANE
It's your ex isn't it.

Dan averts his eyes. The toys groan.

HURRICANE (CONT'D)
Christ on fucking ice, this again?
Marry Ann?

DAN
No...

Back to the dream.

INT. DREAM, STAIRCASE - DAY (CONT'D)

MARRY ANN (Mid 30s, wavy red hair, big smile) Poofs into existence.

DAN
No it wasn't Marry Ann.

FINN
Then who?

DAN
It was the one before, Valery.

MARRY poofs out. VALERY (30s, thin build, pixie haircut) falls from the sealing into frame.

The toys groan harder.

DAN (CONT'D)
Can I continue?

RUSS
Yes, so sorry, go ahead.

DAN
Anyways, WE are at this staircase,
and we were having her birthday
there.

Balloons, decorations and cake pop in with some obvious (and shitty) VHS style trick editing.

DAN (CONT'D)
She hands me this crumpled piece of
paper, I read it and it says, "I
will always support and cherish
you".

RUSS
Awww, that's nice.

DAN
Then she grabs the paper, spits
fire on it, hugs me, slaps me, hits
me in the nuts with a giant salmon,
hugs me again. Farts confetti and
walks up the stairs.

RUSS
Oh, me, oh, my!

Hurricane laughs.

RUSS (CONT'D)
What are you laughing at?

HURRICANE
Nothing...(Chuckle).

Valery waves goodbye to Dan.

SHE walks up the stairs as she keeps farting clouds of confetti. The makeshift birthday party gets paralyzed, like somebody pressed the pause button.

DAN
Then it just stops there, and all of a sudden I'm in Las Vegas in a bomb ass suit.

EXT. DREAM/VEGAS - NIGHT.

From the staircase he walks to the other room. Dan is now in a poorly made cardboard depiction of Las Vegas. Wearing a suit that's been dipped in glitter.

HURRICANE
Vegas baby! Much better, make it rain on some Ho's, you're so money.

DOLPHIN
Swingers references? God you're old.

DAN
Aaaaaaaaand Marry Ann was there.

MARRY ANN gets wheeled in on a stretcher, then is just dumped next to Dan. She pops up, dust's herself off and offers her hand to him.

CUT TO:

INT. KITCHEN BAR - DAY (CONT'D)

The three toys slam their coffee cups (all sporting very human looking hands that come from under the table).

HURRICANE
For fuck sake!

DAN
I don't control my dreams, this
just happens.

RUSS
You have abandonment issues Daniel.

DAN
Can I finish the story please.

HURRICANE
Any sex in it?

DAN
No.

HURRICANE
...Then no.

RUSS
Go ahead buddy.

BACK TO DREAM

EXT. DREAM/VEGAS - NIGHT.

Fake cardboard Vegas lights up thanks to some very shoddy lighting.

Ambient Vegas sounds and music kick in.

DAN
Thank you. We we're in Vegas with
some friends. I had my arm around
her and everything was just
awesome.

Dan and company approach an artificial lake.

RUSS
Wishful thinking perhaps?

DAN
Maybe, but then our friends got
like really ahead of us. Then she
says...

Marry Ann forcefully grabs Dan's face, they lock eyes.

MARRY ANN
(In Dan's voice)
We have to catch up.

DAN
She lets go of me and does a matrix
jump over the lake.

A poor action figure rendition of Marry Ann attached to a
stick shows her jumping over the lake.

HURRICANE
Awesome!

ACTION FIGURE MARRY falls in to water, after some bad video
editing the REAL MARRY comes up for air.

DAN
But she missed the edge and falls
in the lake. And our friends just
walked away.

HURRICANE
Serves her right, uppity bitch.

RUSS
Hurricane! language.

HURRICANE
Sorry, uppity harlot.

RUSS
Uh.

DAN
Sooooo, I go in an pull her out,
she's all wet.

HURRICANE
Now we're talking!

DAN
Because of the lake you ass.

HURRICANE
Oh right.

DAN
And then she pulls her skirt up
showing me her panties and
complaining it got all wet.

HURRICANE
THEN you DID it. Right?

DAN
No.

HURRICANE AND FINN

Pussy.

DAN

We get out I put my coat on her.
She lays down and looks at me.

HURRICANE

All horny.

DAN

We didn't do IT ok!? She looks at
me with loving eyes. Grabs my face
and brings me close.

RUSS

Did you kiss?

DAN

Almost. But then she stopped me,
pulls me back, looks
at me and says...

MARRY ANN

(In Dan's voice)

Dont be afraid, (now in Russ's
voice) Dont be afraid? (now in
Hurricane's voice) Yeah don't be
afraid to plow me like an Idaho
potato field in spring time!

DAN

Dammit hurricane!

HURRICANE

Sorry, but you've been cock teasing
me the whole coma inducing story.

Dan grunts frustrated.

DAN

She says don't be afraid. I grab
her arms and pull in for a kiss.

Dan kisses Marry.

DAN (CONT'D)

And as soon as I kiss her all the
romance joojoo left her body, like
my kiss broke a spell.

FINN

I wouldn't want to kiss a dolphin
killing psycho either.

DAN

Then she got up, smiles and walked away, leaving me there, with out even looking back. And then...then I woke up.

CUT TO:

INT. KITCHEN BAR - DAY

They all sit at the kitchen in silence.

DAN

What do you think this all means?

RUSS

Some dreams are just nonsense Dan, and some actually mean something, does this one MEAN anything to you?

DAN

I think so, but what?

HURRICANE

It means you need to get laid man, shit, OH Valery, Oh Marry Ann, even the dream version of them know you aint worth a Chinese penny in Finnish whore house.

FINN

What?

DAN

Rude!

RUSS

Hurricane, come on!

HURRICANE

What? It's the truth!

RUSS

These two women were a very big deal in your life, both of them leaving you is bound to leave a scar.

DAN

I know, but every time I feel like I'm getting better, something like this pops in and reminds me I'm not.

FINN

I'm concerned that the whole baby dolphin murder is not addressed, that is like waaaaay more fucked up than Dan having girl problems.

RUSS

Look, in both scenarios they leave you.

FINN

Fine ignore me you assholes!

DAN

Right.

FLASHBACK

INT. DREAM/STAIRCASE - DAY (CONT'D)

Valery walks up the stairs.

RUSS

One walked up some stairs to a higher place.

Valery farts confetti.

DAN

And salmon slammed by hush puppies.

Dan gets the salmon to the nuts.

Hurricane chuckles.

FLASHBACK

EXT. DREAM/VEGAS - NIGHT.

Marry jumping the lake, then walking away.

RUSS

And Marry Ann let go of you to catch up with others, and when she failed and you came to help, told you to be brave and THEN left.

DAN

Right.

RUSS
Dont you see?

DAN
What?

CUT TO:

INT. KITCHEN BAR - DAY (CONT'D)

Hurricane is using Finn as a makeshift bong. Then lets out a puff of smoke.

HURRICANE
They moved on and you didn't. You just stopped.

RUSS
Even the dead head got it.

HURRICANE
Thank you.

DAN
So what do I do?

RUSS
Move big guy, be it a mile or be it an inch. But move.

Dan nods his head.

HURRICANE
Was that the end of the dream?

Dan looks away.

EXT. DREAM, VEGAS - NIGHT

Marry Ann runs back and gives him a gift box. He opens it and pulls out a gun as well as a picture of them at a costume party.

Dan smiles, and puts the gun to his head and the picture to his heart.

Just before he pulls the trigger, HURRICANE'S ROBOT MOM appears, slaps the gun way and they start to make out.

INT. KITCHEN BAR - DAY (CONT'D)

DAN
Yup, that was it.

Dan smiles and drinks his coffee.

The doorbell rings...

FINN
I'll get it.

INT/EXT. MAIN DOOR. DAY

Finn opens the door, a scorpion wearing a milk man hat is there. Finn is alarmed.

SCORPION
Morning, just your every day milk
ma...

Finn grabs a large salmon and beats the poor scorpion/milkman to death.

INT. KITCHEN BAR - DAY

Covered in blood, Finn walks back.

DAN
Who was it?

He gets on the table and places the salmon down next to him.

FINN
No one, no one at all.

They all stare blindly, then nod accepting it. Russ sips his coffee.

RUSS
Oh dear, this coffee needs some
milk.

DAN
Perhaps a large breasted scorpion
could help you out with that.

Dan and Hurricane chuckle.

FINN
You son of a bitch!

Finn jumps and tackles Dan.

THE END.
